Invitation from the ICP 2012 President

Fellow Psychologists & Friends

It is South Africa's honour to invite you to the next International Congress of Psychology to be held in Cape Town, 22-27 July 2012. Building on the success of past International Congresses of Psychology, especially the gains of the previous 2008 Berlin Congress, ICP 2012 promises to be an unforgettable professional and scientific experience in a unique cultural environment.

Under the theme *Psychology Serving Humanity*, the Congress will showcase new frontiers of psychological science and practice as a means for improving, developing and enriching human life. This theme acknowledges that the discipline of psychology is inextricably engaged with the global and local communities in which we live, learn and practice.

The outstanding scientific programme will feature distinguished keynote addresses, cutting edge state of the science lectures, controversial debates, and compelling presentations by leaders in the various fields of psychology. You are invited to submit abstracts for papers, symposia, interactive posters, and rapid communication posters, thereby sharing your personal knowledge and experience for the greater good.

The Congress will be held at the Cape Town International Convention Centre (CTICC), an award-winning world-class venue located in the foreshore with a stunning view of Table Mountain. Offering a variety of tours and wildlife safaris for delegates and guests, ICP 2012 will allow you to discover the unrivalled beauty and culture of Cape Town, as well as the amazing diversity and hospitality of the people of South Africa.

South Africa and its psychologists look forward to welcoming you to Cape Town and exploring how psychology can make a positive impact on the world around us.

Sincerely yours

Saths Cooper

President: XXX International Congress of Psychology
