

業績目録

候補者名：原田和弘 所属機関名：神戸大学大学院人間発達環境学研究所

a. 外国語による論文・著書（分担執筆を含む）

（2026年1月5日時点における第1著者もしくは責任著者の被引用数：計721件）

88. **Harada, K.**, Tajima, T., Saito, Y., Takeda, N., & Oguma, Y. (in press). Level and sociodemographic correlates of maximum acceptable physical activity increase among Japanese adults. *Global Health Promotion*, in press. <https://doi.org/10.1177/17579759251370984> (被引用数 0)
87. **Harada, K.**, Izawa, S., Nakamura-Taira, N., Yoshikawa, T., Akamatsu, R., Ikeda, H., & Kubo, T. (2026). Exercising with others, motivation, and 1-year maintenance of exercise behavior among workers. *Journal of Physical Activity & Health*, 23(1), 35–43. <https://doi.org/10.1123/jpah.2025-0404> (被引用数 0)
86. ※**Harada, K.**, Masumoto, K., & Okada, S. (2025). Physical activity components that determine daily life satisfaction among older adults: An intensive longitudinal diary study. *International Journal of Behavioral Medicine*, 32(5), 717–727. <https://doi.org/10.1007/s12529-024-10273-7> (被引用数 7)
85. Oriyama, K., Mukai, K., **Harada, K.**, & Masumoto, K. (2025). Relationship between habitual use and degree of emotion regulation: Age differences in cognitive reappraisal and expressive suppression. *Experimental Aging Research*, 51(1), 59–72. <https://doi.org/10.1080/0361073X.2024.2315917>
84. Uchiyama, Y., Kyan, A., Sato, M., Ushimaru, A., Minamoto, T., **Harada, K.**, Takakura, M., Kohsaka, R., Kiyono, M., Tsurumi, T., Uchida, A., Saga, T., & Yamamoto, K. (2025). Association between objective and subjective relatedness to nature and human well-being: Key factors for residents and possible measures for inequality in Japan’s megacities. *Landscape and Urban Planning*, 261, 105377. <https://doi.org/10.1016/j.landurbplan.2025.105377>
83. Walker, R., & **Harada, K.** (2025). Affective exercise experience in childhood and psychological determinants of exercise among Japanese older adults. *Research Quarterly for Exercise and Sport*, 96(1), 133–145. <https://doi.org/10.1080/02701367.2024.2375290>
82. **Harada, K.**, Izawa, S., Nakamura-Taira, N., Yoshikawa, T., Akamatsu, R., Ikeda, H., & Kubo, T. (2024). Cross-sectional associations of weekly time, social context, and motivation of exercise with mental health among workers. *International Archives of Occupational and Environmental Health*, 97(1), 23–33. <https://doi.org/10.1007/s00420-023-02021-3> (被引用数 4)
81. **Harada, K.**, Masumoto, K., & Okada, S. (2024). Leisure-time management and subjective well-being among older adults: A three-wave longitudinal survey. *Archives of Gerontology and Geriatrics*, 117, 105263. <https://doi.org/10.1016/j.archger.2023.105263> (被引用数 7)
80. ※**Harada, K.**, Masumoto, K., & Okada, S. (2024). Between- and within-couple concordance for health behaviors among Japanese older married couples: Examining the moderating role of working time. *International Journal of Behavioral Medicine*, 31(2), 215–228. <https://doi.org/10.1007/s12529-023-10174-1> (被引用数 2)
79. **Harada, K.**, Masumoto, K., & Okada, S. (2024). Walking trail access, exercise behavior, and going out-of-home among older adults: Examining longitudinal associations and mediators. *Archives of Gerontology and Geriatrics*, 126, 105534. <https://doi.org/10.1016/j.archger.2024.105534> (被引用数 0)
78. Uchiyama, Y., Kyan, A., Sato, M., Ushimaru, A., Minamoto, T., Kiyono, M., **Harada, K.**, & Takakura, M. (2024). Local environment perceived in daily life and urban green and blue space visits: Uncovering key factors for different age groups to access ecosystem services. *Journal of Environmental Management*, 370, 122676. <https://doi.org/10.1016/j.jenvman.2024.122676>
77. ※**Harada, K.**, Masumoto, K., & Okada, S. (2023). Does future time perspective moderate associations of instrumental and affective attitude with exercise behavior? A three-wave longitudinal survey among

- Japanese older adults. *The Journals of Gerontology. Series B, Psychological Sciences and Social Sciences*, 78(11), 1843–1853. <https://doi.org/10.1093/geronb/gbad115> (被引用数 5)
76. **Harada, K.**, Masumoto, K., & Okada, S. (2023). Social network and health behaviors among Japanese older adults: a three-wave longitudinal study. *Health Promotion International*, 38(2), daad013. <https://doi.org/10.1093/heapro/daad013> (被引用数 3)
75. Lee, S., Harada, K., Bae, S., **Harada, K.**, Makino, K., Anan, Y., Suzuki, T., & Shimada, H. (2023). A non-pharmacological multidomain intervention of dual-task exercise and social activity affects the cognitive function in community-dwelling older adults with mild to moderate cognitive decline: A randomized controlled trial. *Frontiers in Aging Neuroscience*, 15, 1005410. <https://doi.org/10.3389/fnagi.2023.1005410>
74. Tajima, T., **Harada, K.**, Oguma, Y., & Sawada, S. S. (2023). Does health literacy moderate the psychological pathways of physical activity from guideline awareness to behavior? A multi-group structural equation modeling. *BMC Public Health*, 23(1), 106. <https://doi.org/10.1186/s12889-023-15012-3>
73. **Harada, K.** (2022). Effectiveness, moderators and mediators of self-regulation intervention on older adults' exercise behavior: A randomized, controlled crossover trial. *International Journal of Behavioral Medicine*, 29(5), 659–675. <https://doi.org/10.1007/s12529-021-10049-3> (被引用数 16)
72. **Harada, K.**, Masumoto, K., Kikumasa, Y., & Okada, S. (2022). Hilly environment and frequency of going out-of-home among older adults: Examining moderating effect of driving status. *Geriatrics & Gerontology International*, 22(11), 961–967. <https://doi.org/10.1111/ggi.14495> (被引用数 12)
71. Masumoto, K., **Harada, K.**, & Shiozaki, M. (2022). Effect of emotion regulation on mental health of couples in long-term marriages: One-year follow-up study. *Japanese Psychological Research*, 64(3), 360–368. <https://doi.org/10.1111/jpr.12325>
70. Masumoto, K., Sato, K., **Harada, K.**, Yamamoto, K., & Shiozaki, M. (2022). Emotional valence of self-defining memories in older adults: A longitudinal study. *Consciousness and Cognition*, 106, 103431. <https://doi.org/10.1016/j.concog.2022.103431>
69. Walker, R. A. J., & **Harada, K.** (2022). The development of the psychological determinants of exercise questionnaire for Japanese older adults: A questionnaire based upon the Theoretical Domains Framework. *Journal of Aging and Physical Activity*, 30(5), 857–871. <https://doi.org/10.1123/japa.2021-0218>
68. ~~✖~~ **Harada, K.**, Masumoto, K., Katagiri, K., Fukuzawa, A., Touyama, M., Sonoda, D., Chogahara, M., Kondo, N., & Okada, S. (2021). Three-year effects of neighborhood social network intervention on mental and physical health of older adults. *Aging & Mental Health*, 25(12), 2235–2245. <https://doi.org/10.1080/13607863.2020.1839858> (被引用数 30)
67. **Harada, K.**, Masumoto, K., & Okada, S. (2021). Distance to supermarkets and dietary variety among Japanese older adults: examining the moderating role of grocery delivery services. *Public Health Nutrition*, 24(8), 2077–2084. <https://doi.org/10.1017/S1368980020002219> (被引用数 15)
66. Bae, S., Harada, K., Lee, S., **Harada, K.**, Makino, K., Chiba, I., Park, H., & Shimada, H. (2020). The effect of a multicomponent dual-task exercise on cortical thickness in older adults with cognitive decline: A randomized controlled trial. *Journal of Clinical Medicine*, 9(5), 1312. <https://doi.org/10.3390/jcm9051312>
65. Fukuzawa, A., Katagiri, K., **Harada, K.**, Masumoto, K., Chogahara, M., Kondo, N., & Okada, S. (2020). Social networks as a factor in volunteering among elderly Japanese with lower socioeconomic status. *Japanese Psychological Research*, 62(3), 206–214. <https://doi.org/10.1111/jpr.12249>
64. **Harada, K.**, Masumoto, K., Fukuzawa, A., Touyama, M., Sato, K., Kondo, N., & Okada, S. (2020). Social interaction in walking groups and affective responses among Japanese older adults. *Journal of Aging and Physical Activity*, 28(2), 287–293. <https://doi.org/10.1123/japa.2018-0412> (被引用数 14)
63. **Harada, K.**, Masumoto, K., & Kondo, N. (2020). Different associations of routine work time with exercise behavior and objectively measured physical activity among middle-aged and older adults: a daily and

- longitudinal analysis. *Journal of Behavioral Medicine*, 43(1), 44–56. <https://doi.org/10.1007/s10865-019-00051-2> (被引用数 13)
62. Bae, S., Lee, S., Lee, S., Jung, S., Makino, K., Harada, K., **Harada, K.**, Shinkai, Y., Chiba, I., & Shimada, H. (2019). The effect of a multicomponent intervention to promote community activity on cognitive function in older adults with mild cognitive impairment: A randomized controlled trial. *Complementary Therapies in Medicine*, 42, 164–169. <https://doi.org/10.1016/j.ctim.2018.11.011>
61. Fukuzawa, A., Katagiri, K., **Harada, K.**, Masumoto, K., Chogahara, M., Kondo, N., & Okada, S. (2019). A longitudinal study of the moderating effects of social capital on the relationships between changes in human capital and ikigai among Japanese older adults. *Asian Journal of Social Psychology*, 22(2), 172–182. <https://doi.org/10.1111/ajsp.12353>
60. **Harada, K.**, Masumoto, K., & Kondo, N. (2019). Daily and longitudinal associations of out-of-home time with objectively measured physical activity and sedentary behavior among middle-aged and older adults. *Journal of Behavioral Medicine*, 42(2), 315–329. <https://doi.org/10.1007/s10865-018-9976-x> (被引用数 15)
59. **Harada, K.**, Masumoto, K., & Kondo, N. (2019). Exercising alone or exercising with others and mental health among middle-aged and older adults: Longitudinal analysis of cross-lagged and simultaneous effects. *Journal of Physical Activity & Health*, 16(7), 556–564. <https://doi.org/10.1123/jpah.2018-0366> (被引用数 36)
58. **Harada, K.**, Lee, S., Lee, S., Bae, S., Harada, K., & Shimada, H. (2019). Environmental predictors of objectively measured out-of-home time among older adults with cognitive decline. *Archives of Gerontology and Geriatrics*, 82, 259–265. <https://doi.org/10.1016/j.archger.2019.01.021> (被引用数 17)
57. **Harada, K.**, Lee, S., Lee, S., Bae, S., Harada, K., Suzuki, T., & Shimada, H. (2019). Psychological and environmental correlates of moderate-to-vigorous physical activity and step counts among older adults with cognitive decline. *Perceptual and Motor Skills*, 126(4), 639–655. <https://doi.org/10.1177/0031512519846026> (被引用数 12)
56. Lee, S., Lee, S., Bae, S., **Harada, K.**, Jung, S., Makino, K., & Shimada, H. (2019). Impact of sedentary time on chronic kidney disease and disability incidence in community-dwelling Japanese older adults: A 4-year prospective cohort study. *Journal of Aging and Physical Activity*, 27(2), 184–190. <https://doi.org/10.1123/japa.2017-0326>
55. Nakamura, S., Inayama, T., **Harada, K.**, & Arao, T. (2019). Perceived food environment predicts vegetable intake according to income: A cross-sectional study. *Sage Open*, 9(3), 10.1177/2158244019864202. <https://doi.org/10.1177/2158244019864202>
54. Bae, S., Lee, S., Lee, S., **Harada, K.**, Makizako, H., Park, H., & Shimada, H. (2018). Combined effect of self-reported hearing problems and level of social activities on the risk of disability in Japanese older adults: A population-based longitudinal study. *Maturitas*, 115, 51–55. <https://doi.org/10.1016/j.maturitas.2018.06.008>
53. **Harada, K.**, Lee, S., Lee, S., Bae, S., Anan, Y., Harada, K., & Shimada, H. (2018). Expectation for physical activity to minimize dementia risk and physical activity level among older adults. *Journal of Aging and Physical Activity*, 26(1), 146–154. <https://doi.org/10.1123/japa.2016-0183> (被引用数 9)

- b. 国際学会・海外学会での発表・講演等
8. **Harada, K.**, Shibata, A., Oka, K., & Nakamura, Y. (2012, October 31–November 3). *Prevalence and sociodemographic correlates of muscle-strengthening activity among Japanese older adults* [Oral presentation]. The 4th International Congress on Physical Activity and Public Health. Sydney, Australia.
 7. **Harada, K.**, Shibata, A., Oka, K., & Nakamura, Y. (2011, June 15–18). *Source of strength training information, perceived health benefits of strength training, and strength training intention among Japanese older adults* [Oral presentation]. 2011 Annual Meeting of International Society for Behavioral Nutrition and

Physical Activity. Melbourne, Australia.

6. **Harada, K.**, Lee, E., Shibata, A., Oka, K., & Nakamura, Y. (2010, May 29–30). *Awareness of role of strength training in care prevention, perception of strength training, and stages of change for strength training behavior among Japanese older adults* [Oral presentation]. 2010 Northeast Asia Conference of Kinesiology. Seoul, South Korea.
5. **Harada, K.**, Shibata, A., Lee, E., Oka, K., & Nakamura, Y. (2010, May 5–8). *Longitudinal change in awareness level of Japanese Exercise Guideline and physical activity* [Poster presentation]. 3rd International Congress of Physical Activity and Public Health. Toronto, Canada.
4. **Harada, K.**, Oka, K., Shibata, A., Ishii, K., Nakamura, Y., Inoue, S., Shimomitsu, T. (2009, October 14–17). *Strength training behavior and perceived environment among Japanese older adults* [Poster presentation]. 7th National Physical Activity Conference. Brisbane, Australia.
3. **Harada, K.**, Yamawaki, K., Akiyama, Y., Oka, K., & Nakamura, Y. (2009, May 27–30). *Demographic and behavioral determinants of participation in walking program with information technology* [Poster presentation]. American College of Sport Medicine's 56th Annual Meeting. Seattle, Washington, The United States of America.
2. **Harada, K.**, Oka, K., Ota, A., Shibata, A., & Nakamura, Y. (2008, April 13–16). *Prevalence and correlates of strength training among Japanese adults: Analysis of SSF National Sports-Life Survey 2006* [Poster presentation]. 2nd International Congress of Physical Activity and Public Health. Amsterdam, Netherlands.
1. **Harada, K.**, Hirai, K., Arai, H., Tokoro, A., Oka, K., Nakamura, Y., & Fujita, A. (2006, November 29–December 2). *Autonomy and self-efficacy of physical activity in Japanese advanced lung cancer patients in chemotherapy: a pilot study* [Poster presentation]. 9th International Congress of Behavioral Medicine. Bangkok, Thailand.
